

## *Tourism Safety and Security System*

### *European dimension on Tourism Safety and Security (ESF 2012-2014)*

#### *Special issue, Bear's den seminar and meeting with international partners in December 2013*

---

#### *International partners of tourism safety and security system visited Rovaniemi*

The meeting of international Tourism Safety Network (activity initiated by European Dimension on Tourism Safety and Security project, ESF 2012-2014) was organized in 2.-5. December 2013 in Rovaniemi, Finland. The meeting started in 2. December cozy atmosphere of Bear's den cottage seminar that was organized by the project. The seminar discussed on tourism safety and security, European union and tourism, tourism safety as part of tourism quality and Arctic cooperation. The programme continued in The Arctic Cities in the Spirit of Rovaniemi Process – conference. Our guests were global expert in risk management, Dr. Alexandros Paraskevas from University of Oxford Brookes, food safety expert Dr. Kevin Kane from University of Salford, Mathieu Hoeberigs from tourism unit of European commission and Maksim Palamarchuk from Murmansk State Humanities University.
